

## Science Long Term Plan 2022-2023

<b>EYFS</b>	<p>Science in EYFS is taught through the early learning goals. It is covered primarily, not solely, through the ELG "Understanding the World".</p> <p><b><u>Understanding the world: The Natural World</u></b></p> <ul style="list-style-type: none"> <li>Explore the natural world around them, making observations and drawing pictures of animals and plants;</li> <li>Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class;</li> <li>Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter.</li> </ul>				
	<b>Year 1</b>	Plants	Everyday materials	Animals including humans	
	Seasonal changes (this unit runs throughout the year alongside learning from the <i>plants</i> unit)				
<b>Year 2</b>	Animals, including humans Plants	Living things and their habitats Plants	Uses of everyday materials Plants	Plants To be explored throughout the year	
<b>Year 3</b>	Plants To be revisited through the year	Animals including humans	Rocks	Light	Forces and Magnets
<b>Year 4</b>	Sound	Rocks	Light	Forces and Magnets	Animals including humans
<b>Year 5</b>	Sound	Animals including humans	Light	Electricity	Evolution and inheritance
<b>Year 6</b>	Living things and their habitats To be revisited through the year	Animals including humans	Light	Electricity	Evolution and inheritance
					Science catch-up
